An Equal Opportunity Provider and Employer

Proceeds from this program are used to support conservation activities here in St. Lawrence County.

All trees & shrubs sold are to be used for effective conservation practices such as reforestation, windbreaks, soil erosion, wildlife, etc. and will not be planted solely for ornamental purposes. Trees and shrubs sold will not be removed with roots attached for resale. This is in compliance with the New York State Sales and Use Tax Regulations, 20 NYCRR, Section 529.2 (c).

The District is not responsible for seedlings that are not picked up on the scheduled day. Buyers will be notified by mail in advance to confirm pick up date. Tentative date (depending on frost in the ground) is April 19, 2019. **PICK UP will be at the ST. LAWRENCE COUNTY CORNELL COOPERATIVE EXTENSION OFFICE: 2043b State Highway 68, Canton, NY.** Refer to the last page of the brochure for directions.

Due to circumstances beyond our control, such as delay, poor handling before planting, drought, fertilizer & herbicide damage after planting, we do not guarantee survival, but we will do everything possible to provide you with high quality planting stock.

The District reserves the right to refund payments on certain species that may be unavailable. Please check your order at pickup. No refunds available after pick up.

Prices include all handling, shipping and taxes.

Please do not plan on extra trees being available the day of pick up.

We would be happy to place a Special Order if conservation stock is available (Minimum order of 100 of each species).

Please call (315) 386-3582 or write with any questions, comments or suggestions.
