

“Conservation in the Schools”

An Environmental Conservation Grant for Schools in St. Lawrence County 2019

Mission: To engage students with hands on learning about environmental conservation and how they can apply it in their own communities.

Who can apply: Any K-12 school group (ex. school class, FFA chapter, 4-H Club, Ag Program, Environmental club).

How to apply: Fill out an application and send to jevonnah@slcswcd.org

Applications will be accepted on a monthly basis until all funding is obligated. Please have your applications in by the first Wednesday of the month.

Grant amount: Up to \$500 reimbursement per project.

Project: Any environmental conservation or education project will be considered. Your project proposal should include what your project is in detail, how your school or community and the environment will benefit from the project, and the amount of funding requested. Project should be completed and final report documentation submitted for reimbursement *before December 13th 2019*.

Project must have a tangible outcome. Examples can include but are not limited to creating a pollinator garden, planting trees, building and putting up bird/duck/bat boxes, setting up a compost bin, getting a rain barrel, invasive species removal, clean-up of a public area, water sampling and many more.

Feel free to call us if you have an idea for a project but are not sure if it is a right fit.

SLC SWCD staff can offer guidance and assistance throughout the project.

Post Project Completion: A final report must be completed and submitted with final project documentation *before December 13, 2019*

If you have any questions please call us at 315-386-3582
or email Jevonnah Foster at jevonnah@slcswcd.org
