NA

3.2 Strategies/Procedures for Accommodating Individuals with Limited English Proficiency

a. Described below is how the district accommodates non-English speaking participants’ access to employment activities and services:

In St. Lawrence County there is occasion to serve non English speaking clients. Language Line posters are available in public areas so the client can point out their language. Arrangements are made to link them with an interpreter. The individual may be also referred to Literacy of Northern New York, which provides remediation in English as a second language. WTWCMS has an option to print letters in either Spanish or English.

3.3 Strategies/Procedures for Increasing Program Attendance

a. Described below are the district policies and/or procedures used to reduce the number of times participants fail to participate in work activities. This includes absences with good cause:

The Employment Unit staff work closely with clients to facilitate overcoming personal barriers impeding participation. Follow up phone calls may be utilized to discuss issues of noncompliance. Referral to other agencies for more specific intensive services is common. Carpooling and bus travel are encouraged when practical. Once in an activity, (except for unsubsidized private/public sector employment and on the job training), we have implemented a weekly time sheet system which allows for monitoring of attendance and quick response to problems. The time sheets also provide the documentation to allow us to pay support services to the client in a timely manner. The Employment Counselor makes final determination of allowing “absence for good cause,” e.g. health appointments, legal appointments, and unanticipated illness. The Counselors counsel clients to schedule appointments of any type around their scheduled hours in a work activity.

3.4 Strategies/Procedures for Engaging Sanctioned TA Participants

a. Select all that apply:

[X] Described below are the strategies the district uses to attempt to engage sanctioned participants as soon as they are sanctioned:

The district staff contact clients that are sanctioned until compliance and allow the client to come into compliance with the sanction. Once compliance has been demonstrated the information is sent to TA/SNAP and the SWE can add that person to the case. Compliance is defined as attendance and satisfactory participation for designated hours per activity for at least five business days, if applicable. Support services are made available during the effort to comply.

[X] Described below are the strategies the district uses to attempt to engage sanctioned participants when the durational period of the sanction is completed:

St. Lawrence 2022-23
Clients completing a durational limit of a sanction are sent a letter to meet with the Employment Counselor and counseled on how they can show compliance. Clients whose sanction has expired are required to meet with their Employment Counselor on a regular basis until in compliance or their case closes due to failure to attend an ongoing eligibility appointment.

Described below are the strategies the district uses to attempt to engage sanctioned participants during different times in the sanction period:

3.5 Strategies for Reducing the Need for TA

a. Described below are the district’s strategies for reducing the need for TA:

Applicants/Recipients are provided an Orientation. Non-exempt applicants are placed in up front Applicant Job Search/JRT. An OTDA Specialist assists in providing these services. Support services are provided on a case by case basis. Referrals are made to appropriate agencies to assist with barriers to include physical, mental health, and chemical dependency. Referrals are made to DCAP to help with SSI/SSDI applications. Counseling is provided to address any needs of the client to increase their employability, such as training, referral to activities to strengthen Job Readiness, Job Fair information and/or referral. Follow up and monitoring progress by the Employment Counselors are key to success and ensuring that clients needs are met.

4.2 Job Development

a. Does the district conduct or access job development services to expand job opportunities for TA and SNAP participants?

[ ] Yes  [ ] No

If Yes, select how the district participates in job development activities.

District staff contacts employers to solicit jobs for TA and SNAP Participants. Describe below how this is done, including number of staff, frequency of contacts, etc.

There are 6 Employment Counselors that are able to job develop. This may be done by referral to job fairs and specific employer outreach events. We also coordinate with local WIOA, OTDA Jobs Specialist, and NYSDOL partner staff to receive job listings and knowledge of referrals of mutual clients.

District contracts or has an agreement with another agency to contact employers and solicit jobs for TA and/or SNAP participants. Describe below how this is done, including number of staff, frequency of contacts, etc.

NA

4.3 Training Approval and Activity Enrollment Policies (Reference 18 NYCRR 385.9)

a. Described below is how the district identifies appropriate education program providers for services of Adult Basic Education, High School Equivalency (HSE) diploma preparation, and English Language Instruction that are available to clients whose assessment indicates such services would be an appropriate work activity assignment:

St. Lawrence County has two service providers who offer Adult Basic Education, Test Assessing Secondary Completion (TASC) preparation, or English Language Instruction. Literacy Volunteers of St. Lawrence County provides English as a second language tutoring as well as basic skills instruction for low functioning clients. The St. Lawrence/ Lewis Board of Cooperative Educational Services provides Adult Basic Education instruction and Test Assessing Secondary Completion preparation and testing. Both providers are cooperative partners and accept referrals on a continuous basis.

b. Described below is how the district identifies appropriate program providers of Vocational Education and Job Skills Training programs that are available to clients whose assessment indicates such services would be an appropriate work activity assignment:

The local district is a partner member in the St. Lawrence County American Job Center which maintains a list of New York State eligible providers of vocational and occupational training. Current information on programs including prerequisite’s and costs are available through the Center. Information regarding Job Skills Training programs that contact the Center or DSS Employment Unit is readily disseminated to staff for client assessment / goal consideration.

c. Described below are the process and guidelines workers follow to ensure that individuals who have not attained a basic literacy level and/or have not attained a high school diploma are offered the opportunity to participate in an educational activity:

Employment Counselor observations and utilization of the TABE, (Test of Adult Basic Education), as well as client self-attestation during the assessment process determines the need, desire and ability of clients to participate in educational opportunities. Referrals to the SLLBOCES for TASC or ABE, and Literacy Volunteers of Northern New York for basic literacy instruction or English as a second language tutoring are made as appropriate.

d. Described below are the district’s process and policy, including the guidelines workers follow, when determining whether participation in educational activities is approved for individuals who have not attained a high school diploma who are interested in participating in an educational activity. Include in this section instances when the district would deny participation in educational activities:
Individuals who do not possess a high school equivalency or diploma or assess below the ninth grade level on the TABE are strongly encouraged to participate in remediation as an employment requirement and part of their Employment Plan. The agency would deny participation in educational activities when specific basic requirements or prerequisites for particular vocational or occupational training and careers may prohibit or limit client success or participation, i.e. driver’s license, criminal background check, medical limitations.

e. Described below is the district’s process and policy for determining whether a participant is approved/assigned to participate in job skills or vocational education activities:

The Employment Counselors through the assessment process identify the vocational education activity and/or job skills training that will assist the client with meeting both the short and long term goals set forth in the individual’s employment plan. The Employment Counselor makes a recommendation to the Employment Unit Supervisor for approval, enters the enrollment on WTW CMS and provides notification to the client.

f. Described below are the standards by which education and training providers are evaluated:

The district utilizes documented effectiveness of the training either by obtaining a summary of classroom training records or demonstrated effectiveness through positive outcomes such as job placement, enhanced skills for the workplace, obtaining professional certification, or obtaining certificates for successful skills demonstration and completion. Providers are credentialed by New York State Department of Education.

g. Described below is the district’s procedure for advising participants of approved training:

Employment Counselors advise participants during assessments, follow up phone calls, and designated paperwork.

h. Described below is the district’s procedure for notifying participants they are approved for training or enrollment in a work activity:

St Lawrence County utilizes WTWCMS enrollment paperwork.

i. Described below is how the district will monitor the high school attendance for 16-18 year-olds in order for them to retain their TA exempt status:

The individual students’ attendance and satisfactory participation is verified through contact with the school guidance office.

j. Described below is the district’s procedure for ensuring that an individual’s health related limitations are accommodated when assigning the individual to a work activity:

The Employment Counselor notifies the work site / program provider in writing of the client’s work limitations. Client feedback and onsite visits by the Employment Counselor are used to monitor site adherence to accommodating the limitations.

4.4 Post-Secondary Education Approval and Enrollment Policies

a. Described below is the highest level of post-secondary level education that the district will approve as a work activity, up to a four-year college program:

The district will approve up to two years of post-secondary education, that culminates with a certificate or degree, as a work activity.

b. Described below is how the district will ensure that enrollments in post-secondary education beyond the 12-month lifetime limit are combined with a weekly average of at least 20 hours in paid employment activities which may include work study, work experience or community service:
The district enrolls clients into post-secondary education that is scheduled to exceed 12 months by semesters. In the fall semester, the enrollment would cover September, October, and November. The spring semester would cover February, March, and April. This strategy allows for the twelve month limit to be spread out over two years of education. In the months not enrolled in post-secondary activity the clients are expected to participate in work experience or community service to continue to be eligible for postsecondary education as an employment activity. Individual Employment Counselors monitor their caseloads using alerts to ensure that clients are receiving 20 hours of a work activity when they are beyond the limit.

c. In accordance with 18 NYCRR 385.9(b), regardless of whether the college program is approved for the participant as an employment work activity, the district will approve as a work activity a work-study, internship, externship or other work placement that is part of a non-graduate student’s curriculum unless one or more of the following conditions applies as checked below (Select all that apply):

- [x] It has been determined that the student voluntarily quit their job or reduced earnings to qualify for initial or increased TA.

5. Work Requirements

5.1 Meeting TA Work Requirements

a. Described below is how the district plans to meet federal and State TA participation rate requirements. Include in this description the weekly hours standard participation requirements for individuals in the different case and household types, along with the typical time period it takes for nonexempt individuals to be engaged in activities for both newly opened cases and individuals whose status changed from exempt to nonexempt. (Information regarding engaging exempt individuals is entered in Section 9).

The local district engages non-exempt clients in Job Search activities on the day of application. Assessment is on-going and leads to the development and periodic modification of the client's Employment Plan. In cooperation with their Employment Counselor referrals for non-exempt Family Assistance cases to appropriate activities occur during the upfront Job Search / Job Readiness Training, and in coordination with an assessment and the initializing of an employment plan. Clients whose status change from exempt to non-exempt will be reassessed by Counselors within 30 days of the change in their status for Employment Plan modifications and subsequent engagement in work activities. Staff will continuously monitor the performance of clients engaged in activities and will reassess and revisit the employment plans as appropriate, amending or making additional referrals for clients as needed.

The local district will strive to fully engage each client in employment activities. The weekly hour participation standard requirement for Family Assistance cases is up to 40 hours per week. Safety Net Non-MOE will be up to 40 hours per week and work limited individuals will not exceed the hours recommended on their medical evaluation. The maximum assigned hours of countable activities per week will be up to 40 hours for all non-exempt cases.

c. Described below is how the district uses work participation management reports available through COGNOS or other reports and activities to monitor district progress toward meeting work participation requirements and ensuring full engagement by adults in work or work preparation activities:

The local district monitors performance by utilizing data available to all Employment Unit staff in WMS, WTWCMS and Cognos at both the unit and worker levels as well as by specific providers. Reports are carefully screened for information on client engagement and participation levels and assist in providing a continuous quality review in the determination of the need for activity assessment or referral. Reports utilized include, but are not limited to:

- Safety Net Non-MOE and TANF and Safety Net MOE Worker Participation/ Engagement Summary Reports, run after the 18th of the month for the previous month report, to review the month's participation and engagement rates, which clients are in the count, who is non-exempt and not participating and in need of engagement.
- Safety Net Non-MOE and TANF and Safety Net MOE Detail Reports, run after the 18th of the month for the previous month report, to review the participation rate and the clients in the count listed by name and activity.
- The Preliminary Federal Countable/Not Countable Report and the Preliminary Safety Net Non-MOE Countable/Not Countable Report, run the third week of the month, used to monitor who is participating based on scheduled and /or actual hours for the current month.
- The Omission of Hours Report, run before the 15th of the month, used to determine what timesheets are missing for the previous month.
- WTWCMS Listing Reports to monitor caseloads of unit staff to include case types, numbers and distribution. The Cognos Participation and Engagement Status Report grouped by worker to monitor current levels of engagement in employment activities for individual counselor caseloads.

f. Described below is the district’s process and policy used for determining whether participation in self-employment is approved as part of an individual’s required work activities, including the guidelines workers follow. If the district always approves self-employment as part of an individual’s required work activities, please note this policy below.
Recipients that report self-employment to their Employment Counselor may have the time count towards their 40 weeks of participation. The Employment Counselor will review the clients budget and any documentation, including type of work, rate of pay, and hours per week. The client will need to present self-employment logs or a signed employers’ statement. Countable hours will be based on the receipt of federal minimum wage for the occupation.

5.2 Meeting SNAP Work Requirements

a. Described below is the extent to which the district requires NTA SNAP recipients to participate in SNAP E&T work activities. (Please note: Case management services must be provided to all participants enrolled in SNAP E&T activity):

NA

b. If the district is offering Supervised Job Search as an E&T activity component, describe below how the job search activity will be supervised and tracked, including the frequency of monitoring the participant’s job search efforts.

NA

c. If the district is not mandating SNAP E&T work activity assignments, please describe below how NTA SNAP work registrants are informed of the services available, upon request, for assistance with job search activities. (Please note: At a minimum, districts are required to offer job search assistance to NTA SNAP applicants and recipients):

NTA SNAP work registrants are provided a flier with information to assist them with their job search and give them valuable resource contacts.
6. Quality Assurance/Work Verification

6.1 Quality Assurance Process - Random Case Sampling

Consistent with New York State’s approved Work Verification Plan (WVP), and in accordance with the requirements established by the United States Department of Health and Human Services, districts must develop a quality assurance plan to ensure that the data reported, from which their work participation rates are derived, are accurate. The plan must include the district’s procedure for monitoring reported scheduled and actual attendance in paid employment and unpaid work activities and the controls in place to ensure that reported exemption statuses resulting in federal exclusions from the work participation rate calculation are accurately made, work eligible individuals are correctly identified, hours of attendance reported are accurate and documented, data entry is accurate and that the district and its providers adhere to the approved work activity definitions and the determination of countable excused absences and holiday reporting within federal limits. Each district must maintain the documentation to verify what is being reported to NYS OTDA.

Each district must describe how it will conduct periodic self audits to determine that system entries are consistent with documentation in case files. The district must also explain how it will choose the sample size, select sample cases and establish the review period (no less frequently than semi-annually). The plan must indicate the district will maintain documentation on all pertinent findings produced through its self audit process and that case records for all reviewed cases will be available for State and other auditors in their review of the local work verification system for the standard 6 year period associated with such reviews.

The district will sample cases from each month within the (6 month) semi-annual period. The October to March review will be due by May 20th. The April to September review will be due by November 20th. The results of these audits will enable the district to identify policies, processes or cases that may need corrective action.

After each self audit is completed, the district must submit a summary of findings to OTDA A&QI at AQI.WV.SelfAudits@otda.ny.gov for State review including specific information on each of the errors identified. In addition, when monitoring reveals substantial problems, the district must describe the corrective action it will take.

The Quality Assurance (QA) plan must include the following elements:

- Ensure that documentation of wages and actual hours of employment is verified and accurately projected/reported and present in the case file, is actual and is projected correctly;
- Ensure that the documentation for actual hours, supervision/attendance, excused absences, and holidays in other activities is present in the case file;
- Assess whether participation in the work activities reported for work eligible individuals meets the approved federal definition for the activity;
- Assess that the data entered into either WTWCMS, NYCWAY or other automated systems used for reporting work activities is accurate, including actual hours, excused absences and holidays; and is based on documentation in the case record; and
- Ensure that documentation necessary to determine an individual to be exempt due to being the parent caretaker of a disabled household member (Employability Code 38 or 48), and/or parent or caretaker relative of a child in the household under 12 months of age, (Employability code 31), is present in the case file and that individuals meet the exempt status based on the required documentation.

a. Below is the number of random sample cases of participation in paid work activities the district will review semi-annually. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.

10

b. Below is the number of random sample cases of participation in unpaid work activities the district will review semi-annually. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.
c. Below is the number of random sample cases in which a case member is reported as an TA employability code 38 – “Parent needed in the home full time to care for an incapacitated/disabled household member” or TA employability code 48 – “Needed in the home to care for an incapacitated child full time – time limit exemption”. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.

5

d. Below is the number of random sample cases in which a case member is reported as an employability code 31 – “Parent or caretaker relative of a child under 12 months of age”. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.

5

The district will review district worker or approved provider/vendor collected documentation and data entry of the above listed elements. The district will assess and verify that participation in the reported work activities listed above meet the State approved definition for the activity.

6.2 Use of Outside Providers/Vendors

a. Does the district utilize outside providers/vendors to collect documentation and enter data directly into WTWCMS?

☐ Yes  ☒ No

b. If Yes, does the district’s provider/vendor documentation collection, data entry and management of WTWCMS follow the same process that would be used by the district worker?

☐ Yes  ☐ No

c. If No, describe below the process used:
7. Supportive Services

7.1 TA and Non-TA SNAP Applicants and Recipients in Work Activities Approved by the District

a. The district must provide childcare in accordance with the childcare section of the district’s Child and Family County Services Plan. The district will also provide the following expenses, which the district deems necessary for the individual to participate in orientation, assessment, employment planning, approved work activities and activities to restore self-sufficiency:

Support services may include, but are not limited to transportation assistance; nonrecurring payments such as car repair, clothing, tools and equipment; payments to obtain a permit or license; certification/licensing fees, educational fees; etc. The district will not pay fines to obtain driver licenses. These services are reviewed on a case by case basis with respect to need for activity participation and/or with the intent to allocate payments when another agency providing an activity is unable to do so. There are lifetime maximum limits of $1,100.00 on car repair and $1,000.00 on car insurance. Clothing expenses may be paid up to $150.00 per activity. Exceptions may be made at the discretion of the Employment Counselor with the Employment Supervisor’s review and approval.

b. Indicated below are the services the district will use to assist those participants who need transportation to and from an approved work activity site, including any applicable mileage reimbursement rate, and the method used by the district to arrive at that reimbursement rate. OTDA policy establishes a mileage reimbursement rate of no less than the IRS established rate for medical/moving purposes. In all instances, should the actual cost of transportation needed to participate in an assigned work activity exceed the reimbursement rate determined by the district, the district will reimburse for the actual costs based on reasonable documentation submitted by the work activity participant. (Select all that apply)

- Bus pass/token
- Gas card/voucher
- Mileage reimbursement at IRS Business rate (effective 1/1/21 is 56 cents/mi)
- Mileage reimbursement at IRS Medical/Moving rate (effective 1/1/21 is 16 cents/mi)
- Other mileage rate (please explain methodology used to establish reimbursement rate):

St. Lawrence County’s base mileage reimbursement rate is to use 1/2 of the federal mileage reimbursement rate currently .28 cents per mile. We encourage carpooling and authorize the use of public transportation when possible. When necessary, the use of a taxi cab is authorized.

c. OTDA policy establishes a distance not to exceed two miles as the maximum distance that the district can require a participant to walk to a work activity assignment or to access public transportation. Describe below the distance an individual may be required to walk, each way, to a work activity or to access public transportation:

The district does not allocate transportation support services for a participant if he/she resides within a two mile radius of the work activity site. Personal disabling circumstances, weather, and childcare provider location are cause for exceptions to this rule. Other types of exceptions are reviewed as they occur.

d. Described below are the services the district will provide to assist individuals at risk of needing TA to improve their opportunities for employment or to maintain their employment:

The district may provide individuals the following support services to obtain and/or maintain employment-DMV associated allowable costs, transportation related expenses, and clothing expenses. Requests are reviewed on a case by case basis, with respect to need, availability of funds, and availability of services through other resources or community programs.

Youth and adults that are certified 200% TANF eligible and participating in Workforce Innovation and Opportunities Act programs may be considered for the full array of supportive services as mentioned above. Services will be reviewed on a case by case basis with respect to need for activity participation, and/or with the intent to allocate payments when another agency providing an activity is unable to do so.
8. Conciliation, Sanction and Dispute Resolution Procedures

8.1 Conciliation

a. The district's conciliation process for TA applicants and recipients must be conducted in accordance with 18 NYCRR 385.11(a). Indicate below how conciliations are conducted. (Select all that apply and describe the procedure below).

- [X] In person
- [X] By phone
- [X] By mail

1. The client does not satisfactorily participate in an assigned activity as recorded in their Employment Plan showing referral and supportive services as appropriate.
2. The Employment Counselor gathers together the documentation and records on the CMS the breach in plan, date of occurrence, and action requested.
3. The Employment Counselor refers the conciliation request to the Employment Unit Supervisor for review and approval.
4. Upon approval, a conciliation letter is generated by the Employment Counselor utilizing WTWCMS. The conciliation notice letter is then mailed to the client.
5. The letter indicates to the client the reason for the conciliation, who to contact and the timeframe to do so, 10 days for both a Safety Net and Family Assistance case.
6. Once contact is made by the client, the Conciliator reviews the conciliation and may ask for further information from the Employment Counselor or client.
7. The Conciliator makes a decision based on the case presented by the client and available documentation. If the client responds within the time allotted and can demonstrate that the action was not willful and was with good cause the case will not be sent for sanction. If the documentation and information presented indicate a willful cause for non-compliance or if no response is received from the client, the case is reviewed and sanction is recommended. The Conciliator will record on WTWCMS the outcome of the conciliation process. It is then sent to the Employment Unit Supervisor for review.
8. Upon the completion of a supervisory review, the referral for sanction is sent to the TA/SNAP Supervisor to be imposed.

b. Who makes the TA good cause/willfulness determination? (Select all that apply)

- [X] The client's employment worker
- [X] A supervisor in the district
- [X] A separate entity (describe below):

The Employment Coordinator, who does not have a caseload, has been designated as the Conciliator. All conciliation referrals are sent to the Conciliator first. All outcomes from the conciliation process are then sent to the Unit Supervisor for review and concurrence.

c. The district's conciliation process for SNAP applicants and recipients must be conducted in accordance with 18 NYCRR 385.11(d). Indicate below how conciliations are conducted. (Select all that apply and describe the procedure below)

- [X] In person
- [X] By phone
- [X] By mail

SNAP conciliation process is the same as the TA process. If a SNAP Job Search log is submitted at conciliation, a SNAP sanction referral may not be made.
d. Who makes the SNAP E&T good cause/willfulness determination? (Select all that apply)

- The client’s employment worker
- A supervisor in the district
- A separate entity (describe below):

The Employment Coordinator, who does not have a caseload, has been designated as the Conciliator. All conciliation referrals are sent to the Conciliator first. All outcomes from the conciliation process are then sent to the Unit Supervisor for review and concurrence.

e. Described below is the district’s procedure for engaging SNAP recipients in a work activity to demonstrate compliance to avoid a SNAP E&T related sanction:

Compliance is demonstrated by the satisfactory completion of at least five verifiable employer contacts submitted for review prior to the date of sanction.

8.2 Sanction

a. Described below is the district’s procedure for determining compliance for those TA recipients who wish to end their employment sanction (18 NYCRR 385.12, 385.13), including the time period established for demonstrating compliance to the satisfaction of the district:

Individuals who are on a first non-compliance or whose durations have expired will be mailed a letter by the Employment Counselor requiring them to attend an appointment to determine willingness to comply. If the client indicates they are willing to comply they will be referred for activity enrollment/assessment appointment. The sanction will only be removed upon satisfactory completion. This depends on the reason for sanction and Employment Counselors discussion with client on what constitutes compliance. In the case of Work Experience, compliance shall be defined as reporting to a required assignment, starting and participating satisfactorily for at least 5 business days before the sanction will be lifted.

Temporary Assistance benefits are restored retroactive to the date the individual indicated a willingness to comply. This cannot be earlier than the expiration of the minimum duration period.

b. Describe below the district’s procedure for determining compliance for those SNAP recipients who wish to end their employment sanction (18 NYCRR 385.12, 18 NYCRR 385.13), including the time period established for demonstrating compliance to the satisfaction of the district:

SNAP applicants and recipients whose sanction has expired will be mailed a Job Search log to record 5 employer contacts. In order to avoid a SNAP sanction the client responds with a minimum of five completed verifiable employer contacts on the log so that they will be deemed as in compliance. SNAP benefits are restored when the individual demonstrates compliance. This cannot be earlier than the expiration date of the minimum duration period. An individual may be eligible for SNAP benefits before the end of the durational period if the individual documents that they are exempt from SNAP work requirements and is otherwise eligible for SNAP benefits.

8.3 Dispute Resolution

a. The district’s procedure for individuals who wish to dispute their work activity assignments, including individuals who dispute the district’s response to their request for health-related accommodations must be conducted in accordance with 18 NYCRR 385.11(c). Indicate below who mediates the grievance.

- An independent entity which has an agreement with the district
- Supervisory staff who are trained in mediation and who have no direct responsibility for the individual’s case

- District directs the contracted physician or individual’s physician to determine status.
- District review team reviews and determines status (described below).
- Specialized disability/medical staff or unit reviews and determines status (described below).
- Other

9.2 Mental Health Screening and Assessment

a. In addition to screening for a disability as part of the application or disability determination process, does the district administer a screening tool for TA participants to help determine whether a referral for a mental health evaluation is warranted?

- Yes
- No

b. Describe the district’s policy for determining when a program participant is offered a mental health screen:

c. What screening tools does the district use? (Select all that apply)

- LDSS 5009 - Mental Health Screening Tool
- The computer assisted version of the Modified Mini Screening tool (MMS)
- Other Screening tool (describe below)

d. If using the MMS, indicate below the district’s cutoff score (7, 8 or 9) for referral to a mental health evaluation.

St. Lawrence 2022-23
e. Describe below the procedure the district uses if the screening tool warrants a mental health evaluation referral

9.3 Requirements for Exempt TA Participants (Reference 18 NYCRR 385.2 (e))

a. An exempt individual who has the potential to be restored to self-sufficiency through rehabilitation may be required to accept medical care to assist them in recovering from a mental or physical impairment, accept referral to and enrollment in a program of vocational rehabilitation, training, and/or other essential rehabilitation, and provide requested evidence that the individual is participating in the assigned program.

Described below is the district’s procedure for determining if an individual, who is unable to work due to mental or physical impairment, has the potential through treatment or other rehabilitative activities to improve the ability to work. This determination is different from the determination of the individual’s disability exemption as covered in Section 9.1 of this plan. Indicate who makes or assists in this determination that an individual can restore or improve employability through treatment or other rehabilitative activities (e.g., medical practitioner, employment worker, TA worker, local review team, etc.). Also indicate the source and type of information used to make the determination (e.g., information from individual’s medical practitioner, district contracted provider, specialist evaluation obtained as result of district referral, etc.).

The Medical Review team consists of the Employment Supervisor and Senior Employment Counselor. If necessary an Employment Counselor will participate. The Medical Review team makes a determination based on medical documentation provided by service agencies, Employment Counselors, Social Welfare Examiners, medical specialists or primary health care providers. Based on all available information individuals are referred to appropriate treatment. If determined that the treatment will not lead to employability the individual is referred to the Disabled Client Assistance Program (DCAP).

b. Described below is the district’s procedure for developing a treatment plan and for referring the participant to appropriate treatment, etc.

When all available information is gathered, the Employment Counselor meets with the individual to complete an Employment Assessment and Employment Plan. The Employment Counselor counsels the individual as to what the treatment plan entails and what will be required when they are enrolled. The Employment Counselor will then make a referral(s) to the appropriate agency for rehabilitative services.

c. Described below is the district’s procedure for tracking the participant’s compliance with their treatment plan, including who in the district is responsible for monitoring compliance. Include elements such as monthly confirmation of attendance at rehabilitation or other factors to judge participation and progress, along with how often the treatment plan is updated.

The Employment Unit has developed a standard attendance form (attached) to monitor the participation of the individual in substance abuse treatment and rehabilitation programs. Client attendance and participation at all treatment programs (mental health, physical impairments, substance use disorder) are mandatory and written into the client’s Employment Plan as Treatment. The Employment Counselors monitor and track compliance on a monthly basis through the use of enrollment on WTWCMS and time sheets. The agency has devised a process with treatment agencies to submit attendance verification to a designated contact Counselor. Clients are counseled that it is their responsibility to ensure time sheets are submitted on a timely basis. If time sheets are not submitted timely the Employment Counselor will attempt to contact the client to check their circumstances. If unable to do so, the client may be referred for conciliation or a case closing. Employment Counselors will make contact with clients on a regular basis as a follow up to the referral and engagement of services.
10. District Certification

10.1 Certification
